We appreciate your concern regarding accountability of equipment for use under our most recent and pending contracts. We feel that we have taken the necessary steps to insure that this accountability will meet with your approval.

We would like at this time to request that you have your cognizant auditor call on us to review our proposed system for maintaining satisfactory records in this regard.

We would very much appreciate any comments or suggestions which might be forthcoming from such a visit. Please advise me as soon as possible as to when this visit might occur.
